5. Eligible shares are quoted on the OTCQX® making it possible to buy or sell shares continuously through the trading day at prices established by the market.
6. In order to promote the growth and development of the Ethereum Classic network, Grayscale intends, but is not obligated, to direct up to one-third of the annual fee of Grayscale Ethereum Classic Trust towards the Ethereum Classic Cooperative, whose initiatives support development, marketing, and community activities of the Ethereum Classic network.
